

The trusted
payroll company

A trusted fully managed service

Transparency in payroll processing is core to the way Pay Check works; we want our clients to understand our goal, which is to effectively and accurately add value to their businesses. In our commitment to this, Pay Check operates a personable, fully managed payroll service.

Partnerships with key independent financial advisers and accountants allow us to offer a fast and dynamic service, and knowledgeable advice. The payroll landscape changes year on year and we invest time and training on our internal infrastructures to guarantee security and compliance to all our clients.

Pay Check's reputation has grown as a result of clear concise advice and decisions to its clients. Our payroll experts understand the importance in communication; this communication is key in forging strong cohesive relationships. Knowing you can trust who is looking after your company payroll allows you to focus on your core business.

Benefits of Outsourcing

By outsourcing your payroll, you are not only improving business efficiency you are putting in place a cost effective partnership that will offer you ways in adding value to your business.

Cost Effective

By choosing a bureau; you are immediately cutting costs on salary and payroll software. The cost of outsourcing payroll for a small business can be as low as £750 per year.

Partnership & Trust

A bureau will always look to add value to the services it offers its clients. Many bureau's partner with Independent Financial Advisors and Accountants which opens up new options and benefits for clients and their employees.

Efficiency

Bureau's internal infrastructures are based on automation, from the point of data delivery to employee payments. This allows businesses to go through structural changes such as aggressive expansion, mergers and acquisitions in true knowledge that their payroll provider will be able to provide a flexible solution.

Transparency & Accuracy

Payroll is regarded as one of the most sensitive aspects of business. Employees expect to be paid correctly and on-time. Not only will the bureau guarantee compliance, they can also take accountability and offer key insight in disputes.

Security

With GDPR compliance taking effect in May 2018 employee data management is its most critical and businesses face huge risk and fines if measures are not put in place. A bureau will offer peace of mind to clients that their employee data is not only handled and managed safely but internal infrastructures give flexibility and back up assurances.

What we offer

Clients

We can work with any business that has a UK PAYE scheme payroll in any industry. We currently provide payroll and pension services for approximately 1500 corporate clients. From day one we look to enhance our client's payroll process to provide an efficient and accurate fully managed payroll service.

Our Experience

With over 20 years' experience in the UK payroll market across all sectors, Pay Check has grown a reputation of quality and knowledge. We invest time to understand our clients' needs to form cohesive partnerships. We have built up close relationships with trusted accountants and independent financial advisors giving our clients the best opportunity to prosper.

BACS Approved Bureau

Being a BACS approved bureau reduces the risk for our clients when it comes to payments of salaries to employees and transfers to 3rd parties. We can remove the task of making online or cheque payments to their employees leaving clients risk-free, future-proof, and with more time to concentrate on running their business.

Core Focus

Our core focus is to provide a robust and flexible service; we currently produce around 600,000 Payslips annually to businesses in the SME market. Our well-developed internal automated processes allow us to focus on our relationships with our clients and put personality behind everything we do.

Quality Assurance

Being an ISO 9001 registered company helps our clients feel reassured we can offer the highest standards in the industry and provide a transparent and excellent standard of service. Our systems allow companies in transition to know they can trust in us to move quickly at short notice.

GDPR Compliant

Alongside being GDPR compliant we hold the ISO 27001 certificate. We believe that data security accreditations are part of a continuous process of improvement to ensure our clients and their employees' data is safe and secure.
